PRESENTATION ITEM NO. 2

MEETING DATE: MARCH 1, 2021

STAFF CONTACT: TIM McELDOWNEY, CITY ENGINEER

Agenda Item: I-35 and Gardner Road Interchange Project

Strategic Priority: Infrastructure and Asset Management

Department: Public Works

Background/Description of Item:

In February of 2019, the City obtained \$6,000,000 in KDOT funds through the Mid America Regional Council (MARC) to replace the existing Gardner Road bridge over I-35. The project is intended to be the second phase toward complete reconstruction of the Gardner Road and I-35 interchange. KDOT took over the design of the project in June of 2019 and hired HDR to perform preliminary design of the future diverging diamond interchange along with final design of the bridge replacement. In addition, KDOT plans to use the preliminary interchange design as a means to acquire and preserve the right-of-way necessary to construct the interchange in the future.

The purpose of this presentation is to provide Council with a summary of the design process to date, and to give an update on the remaining schedule and anticipated costs related to the bridge replacement project.

The \$3 million was just for KDOT's portion. They also received CARS money that offset the city's cost. Gregorcyk said there's \$1.1 Million in lieu of what the city is contributing. McElDowney said it was about \$400,000 from Price Chopper and

COMMITTEE RECOMMENDATIONS

OLD BUSINESS

NEW BUSINESS

- 1. Consider applicants for City Council**

Mayor Steve Shute said Rich Melton resigned from the council January 19th. Following guidelines set forth by Charter Ordinance 27 and the Governing Body Rules of Procedure, the governing body began the process for filling the vacancy. The process included advertising in print and on social media. The application deadline was February 1 at 5pm. The process includes verification of qualified elector status, meaning they must be an elector living in the city limits of Gardner and be at least 18 years old with no felony convictions. Applications were received, and they are holding public interviews tonight. If there is a consensus, they will have a motion and vote to appoint an applicant. Shute summarized the interview process and interview questions. They release the names and applications of the applicants to the public. The interview questions are consistent and applied equally to all of the

**RECORD OF PROCEEDINGS OF THE GOVERNING BODY
CITY OF GARDNER, KANSAS**

February 15, 2021

candidates. They receive the same time limits to respond, and allow for a limited follow up. The applicant is allowed a two-minute opening statement. They will be asked a standard set of questions and will be allowed two minutes for each responses. They may have follow up questions, and then will be allowed a one-minute closing statement. Shute said they will do a ranking of the candidates following the interviews. If, after the ranking, there is consensus of the majority for a specific candidate, that individual would be submitted for a vote of the governing body. The city attorney will verify the results of the ranking and provide them to the mayor. If there's no majority on a single candidate after the first round, they will announce the top 3. The top 3 would advance to a second round of ranking.

Councilmember Winters asked if they are ranking one as only their top candidate, or ranking all 1-6. Shute said the first round will be ranked 1-6. If the majority has the same candidate as their top choice, that will stop the process as they would reach consensus

The governing body conducted the interviews in alphabetical order. Those interviews can be found here: <https://www.youtube.com/watch?v=HMKK2rBtzds>

Shute said the next step is the ranking process. They will fill out the ranking sheet and the city clerk will collect them. City Clerk Rose will tally them and will give them to the city attorney to verify the results. City Attorney Denk will deliver the tally to the mayor, who will then read out the top three. If there is consensus, 3 out of 5, for a single candidate, that candidate can be brought forward for a vote.

Shute noted the candidate appointed will be sworn in this evening. However, the nomination to appoint a new council vice-president will take place at the March 1st meeting.

City Attorney Denk presented the verified ranking to Mayor Shute. Shute noted a consensus was achieved in the first round of ranking. Kacy Deaton received a 1 ranking from three members of the governing body. Shute summarized the ranking for the public. Deaton was 1, Tramble was 2, Cooper and Meder tied for 3.

Councilmember Baldwin made a motion to appoint Kacy Deaton to the City Council seat vacated by Rich Melton with a term expiring in November 2024.

Councilmember Winters Seconded.

With a majority of the Councilmembers voting in favor of the motion, the motion carried. (Roberts – No, Shute - Abstain)

City Clerk Rose administered the Oath of Office to Ms. Deaton.

Shute thanked all of the members who completed this process. He thanked them for their time, for their attention, and for their commitment for coming out this evening. He encouraged them to continue to stay involved. There is an election in the fall, and there is opportunity to run for office and assume a seat on the dais through candidacy. The city needs people like them to continue to work with the city and on behalf of the city.

COUNCIL UPDATES

Community Development Director Knopick said they will have an EDAC meeting in the next week. Planning Commission meets next Monday. They have a few items on the agenda.

Utilities Director Garcia reported that staff spoke with KMGa regarding the extreme cold weather. There are production and transportation issues with natural gas. Usually this time of year, the price for 1 million BTU is around \$3, this afternoon it was \$326. This not only creates a higher price to purchase natural gas, but the result is the generations are a lot higher. Typically, they buy energy for around \$23 per mWh, but now its \$2,900 per mWh. Typically for February, they pay \$700,000 for the month, but now it's going to be around \$3 Million. Shute asked if this is affecting those around us. Garcia confirmed. Shute noted the Evergy rolling blackouts as an attempt to lower their demand. Garcia doesn't expect to be affected in that way. Councilmember Gregorcyk asked how this relates to the residents of Gardner. Garcia said it would be passed to the consumer. Mayor Shute said it would be through the Power Cost Adjustment (PCA). Gregorcyk asked what kind of communication the city will put out. City Administrator Pruetting said staff spoke at length this afternoon and decided to put out a notice.

**RECORD OF PROCEEDINGS OF THE GOVERNING BODY
CITY OF GARDNER, KANSAS**

Page No. 2021 - 19
February 15, 2021

Rather than guessing how much this will affect the end user, they will wait until they get the numbers and can provide them. Staff will work with citizens to make sure that people can keep their power on. When Evergy announced, staff was getting information about it. Because Gardner wasn't impacted, it took staff time to get a notice out. They were verifying so as not to put out inaccurate information. Councilmember Winters asked if the PCA would be split over 12 months and not all at once. Pruetting confirmed, and said they can make it 13 months. There are ways to minimize the impact. Shute said they can get out the communication campaign to conserve energy to minimize the effect on the grid. The less they buy from the grid, the less they will pay across the board. Hard to ask with the extreme temperatures. Gregorcyk asked if they will roll out information on conservation. Pruetting confirmed they will put out a list. He received an email from KMEA that this was the first time in their history that demand was higher than their ability to generate. Shute said an issue is the KMEA plant in Dogwood is a natural gas fired plant, and natural gas is also used for home heating, so there's a squeeze in supply. This is a very cold snap that's affecting a large geographic heavily populated area across the country. Gregorcyk will share the message and hopes the rest of them do the same.

Mayor Shute asked Director Garcia about water plant expansion. Garcia reported they should see substantial completion by April.

Finance Director Wolff said he will bring 2020 year-end results to next meeting. Mayor Shute asked if there will be any discussion on the potential impact of the additional costs on the electric fund? Wolff confirmed.

Councilmember Roberts thanked the candidates for putting their names out there. That takes courage. It was nice to have everyone come and answer publicly.

Councilmember Gregorcyk welcomed Councilmember Deaton to the dais. He has high hopes and she has a fair amount of time to make a positive impact. Gregorcyk noted the new smart water meters the city has installed are creating a freeze on the water line. The smart meters are creating less insulation or less fit, and creating freezing for some residents. Councilmember Roberts saw that it was an issue during the change-out process, while the ground is open. Garcia will follow up tomorrow.

Councilmember Baldwin said he is eager to see several of the candidates apply for other boards and committees. To come before council and the public takes a lot and shows they are already leaders. Mayor Shute said there is an opening on the Planning Commission, based on Councilmember Deaton's appointment. Baldwin said while it's not great across the board for energy, this is a great time for the city to have its own utility. If there was an outage, the city has a sub-10 minute response time and the outages are very short, we have a sub 10 minute response time, and outages are short. KCPL has an hour to mobilize. Six residents in Spring Hill lost power at 2:34pm, and by 5:35, no one had responded. The city can't do anything about the price, but its good to have a responsive crew. The service is top notch.

Councilmember Deaton thanked everyone for their support. She looks forward to serving the citizens of Gardner.

Councilmember Winters welcomed Councilmember Deaton; he looks ward to working with her.

Mayor Shute said he was glad to see all the candidates tonight. It was great to hear their ideas and passion, and commitment to come out in this weather. Shute said to the staff in Public Works, Superintendent Jody Demaline, they have done a great job with regard to the roads. He thanked the crews. He thanked facilities staff, Building Maintenance Supervisor Dean Kerr, for shoveling every hour. He thanked the staff for their commitment to the citizens. City Engineer McEldowney will pass the message along to PW staff. They have had some difficult storms to manage.

COUNCIL ACTION FORM

CONSENT AGENDA ITEM NO. 3

MEETING DATE: MARCH 1, 2021

STAFF CONTACT: JASON BRUCE, PARKS AND RECREATION DIRECTOR

Agenda Item: Consider authorizing the execution of a contract with Enright Lawns for annual mowing of Parks and Recreation areas

Strategic Priority: Infrastructure
Asset Management

Department: Parks and Recreation

Staff Recommendation:

Staff recommends authorizing the City Administrator to execute a contract with Enright Lawns in the amount of \$27,390.00 for annual mowing of Parks and Recreation areas.

Background/Description of Item:

Each year, the Parks and Recreation Department obtains quotes for mowing and trimming of various city trails, parks and common areas. To free staff to perform needed park and field maintenance through the active summer months, this work has been contracted out for the past several years.

Mowing and trimming of certain parks, facilities and arterial greenways will be done in a 7-day rotation, unless otherwise specified. Staff estimates that 30 mowings will be needed for the season. The actual number of mowings may be adjusted to the budgeted amount, to the length of the mowing season, or the rate of vegetative growth.

Proposals were sent out to four local mowing contractors to mow these areas for a period of one season. Two proposals were received on February 12. The tabulation of those two bids received is listed below.

Vendor	Contract Total
Enright Lawns	\$27,390.00
A-1 Excavating	\$34,320.00

Financial Impact:

Funding for this contract is available in the 2021 Parks and Recreation budget.

AGREEMENT

THIS AGREEMENT is made this 28th day of September, 2020 by and between RS Associates, LLC, a limited liability company organized and existing under the laws of the State of Kansas (hereinafter "Seller"), and the City of Gardner, Kansas, a municipal corporation organized and existing under the laws of the State of Kansas (hereinafter "Buyer").

WITNESSETH:

WHEREAS, Seller is the owner of certain real property located in the Southeast Quarter of Section 35, Township 14 South, Range 22 East of the Sixth Principle Meridian in Johnson County, Kansas, which has a common address of 29550 and 29552 W. 191st Street, Gardner, Kansas and which is further identified as Johnson County Parcel Nos. CP 785000000001 and CP&85000000 0001A (hereinafter "the Property" or "Seller's Property"); and

WHEREAS, Buyer, in association with the Kansas Department of Transportation (hereinafter "KDOT") pursuant to the terms of a City-State Agreement existing between them, is undertaking a road reconstruction project (hereinafter "the Project") in the vicinity of Seller's Property; and

WHEREAS, Buyer has determined it is necessary to acquire certain real property interests from Seller's Property for the Project, as more fully described in Exhibit A, which is attached hereto and incorporated herein by reference; and

WHEREAS, pursuant to applicable Kansas statutes, Buyer possesses the right and power of eminent domain to acquire the real property and/or real property interests for its lawful public purposes; and

WHEREAS, in lieu of Buyer's exercise of its right and power of eminent domain, Seller is willing to sell and Buyer is willing to purchase the real property interests described at Exhibit A, and by this written Agreement the parties desire and intend to set forth the terms and conditions of their agreement in writing.

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Seller agrees to sell, and Buyer agrees to purchase the real property interests described in Exhibit A, which is attached hereto and incorporated herein by reference.

2. The purchase price for such real property interests is \$1.00 and Buyer's agreement to undertake the actions described in Paragraph 3, below.

3. The parties specifically agree and acknowledge the Project will result in the closing and eradication of existing 191st Street from S. Gardner Road southwesterly to the existing driveway located along the southerly property line of Seller's Property, and the construction of a new road (Locust Street) along the west property line of Seller's Property. Therefore, the parties agree as follows:

- a. The existing driveway at the northeast corner of Seller's Property and vehicular access between the Seller's Property and S. Gardner Road at such location will remain unchanged by the Project; provided, however, Seller agrees and acknowledges future KDOT improvement projects at the I-35 & South Gardner Road Interchange may result in the installation of traffic-control devices which prevent left turns between Seller's property and South Gardner Road at such location; and
- b. As part of the Project and at no cost to Seller, Buyer shall:
 - i) construct a new two-way driveway generally from the existing driveway located along the southerly property line of Seller's Property, westerly to a connection to new Locust Street; and
 - ii) install a driveway apron between new Locust Street and the existing paved parking area at the northwest corner of Seller's Property.

All such work shall be in general conformity with the plans and specifications set forth in Exhibit B, which is attached hereto and incorporated herein by reference. During the construction of such driveway Buyer shall regularly inspect the work of third-party contractors to ensure conformity of the work to the plans and specification.

- c. After completion of construction of new Locust Street and the new two-way driveway, and after KDOT's final acceptance of its third-party construction contractor's work, Buyer shall convey by quit-claim deed to Seller Buyer's real property rights and interests in the real property described in Exhibit C, which is attached hereto and incorporated herein by reference. Thereafter, such driveway shall be a private driveway, and all future maintenance, repair or replacement shall be Seller's sole responsibility; and
- d. After new Locust Street and the new two-way driveway are completed and open to traffic, Buyer shall eradicate existing 191st Street from S. Gardner Road to new Locust Street. Following eradication of existing 191st Street, Buyer shall convey by quit-claim deed to Seller Buyer's real property rights and interests in the existing 191st Street Right of Way, subject to a reservation of easements for all existing utilities located therein, and subject to the right of way requirements of the Kansas Department of Transportation for its future I-35 & South Gardner Road Interchange project;

all as generally depicted in Exhibit D, which is attached hereto and incorporated herein by reference.

4. Within ten (10) days after KDOT awards the prime construction contract for the Project, Buyer shall notify Seller of the identity of the selected construction contractor, which notification shall also include the anticipated date that a Notice to Proceed will be issued to such

contractor. Buyer shall promptly obtain, and thereafter provide to Seller, a Certificate of Insurance evidencing a general liability insurance policy covering the activities of the prime third-party construction contractor retained by Buyer and/or KDOT to construct and complete the Project. COUNCIL ACTION FORM

CONSENT AGENDA ITEM NO. 6

MEETING DATE: MARCH 1, 2021

STAFF CONTACT: TIM McELDOWNEY, CITY ENGINEER

Agenda Item: Consider authorizing the execution of a supplemental agreement with the Kansas Department of Transportation to construct improvements for the I-35 and Gardner Road project

Strategic Priority: Infrastructure and Asset Management; Quality of Life

Department: Public Works

Staff Recommendation:

Staff recommends authorizing the Mayor to execute a supplemental agreement with the Kansas Department of Transportation (KDOT) to construct the I-35 and Gardner Road project.

Background/Description of Item:

In August of 2018, the City entered into an agreement with KDOT to construct improvements to the I-35 and Gardner Road interchange. The improvements include realignment of 191st Street north to 188th Street, a traffic signal at 188th Street and Gardner Road, and traffic signals at the interchange ramp intersections with Gardner Road.

The initial agreement limited KDOT's financial contribution to \$1,415,000. KDOT has since agreed to contribute an additional \$2,510,000 towards construction of the project. The primary purpose of this supplement is to account for this additional funding.

Financial Impact:

KDOT's maximum funding contribution to the project has been increased from \$1,415,000 to \$3,925,000. The current estimated project costs are as follows:

Overall estimated project cost	\$7,402,091
KDOT Economic Dev Funds	\$2,510,000
<u>KDOT STPM Funds (80% of eligible remainder)</u>	<u>\$1,415,000</u>
City Responsibility	\$3,477,091

The City issued Series 2020B G.O. bonds to finance its share of the project costs. Annual debt service will come from the Special Highway Fund.

RECITALS:

- A. The Parties entered into an Agreement dated August 20, 2018, for interchange improvements at I-35 and Gardner Road (the “Original Agreement”).
- B. The Parties mutually desire to supplement the Original Agreement to reflect a change in scope of the Project and an increase in the funding available for the Project.

NOW, THEREFORE, the Parties agree as follows:

1. On page 3 of the Original Agreement, Article I, paragraph 19, be replaced in its entirety to read as follows:

- 19. **“Project”** means all phases and aspects of the Construction endeavor to be undertaken by the City, as and when authorized by the Secretary prior to Letting, being: **interchange improvements at I-35 and Gardner Road, including the realignment of 191st Street and Gardner Road approximately 1,000 feet north to tie into the existing intersection at 188th Street, in Gardner, Kansas**, and is the subject of this Agreement.

2. On page 4 of the Original Agreement, Article II, paragraph 3, be replaced in its entirety to read as follows:

- 3. **Indemnification by Contractors.** The Secretary will require the Contractor to indemnify, hold harmless, and save the Secretary and the City from personal injury and property damage claims arising out of the act or omission of the Contractor, the Contractor’s agent, contractors (at any tier), or suppliers (at any tier). If the Secretary or the City defends a third party’s claim, the Contractor shall indemnify the Secretary and the City for damages paid to the third party and all related expenses either the Secretary or the City or both incur in defending the claim.

3. On page 4 of the Original Agreement, Article II, paragraph 4, be replaced in its entirety to read as follows:

- 4. **Payment of Costs.** The Secretary agrees to the following provisions regarding the payment of costs on this Project:

- a. **Economic Development Funds.** The Secretary agrees to be responsible for one hundred percent (100%) of the total actual costs of Construction (which includes

the costs of all Construction Contingency Items), but not to exceed \$2,510,000.00 in Economic Development funds.

- b. STPM-KS Funds. After the expenditure of Economic Development Funds, the Secretary agrees to be responsible for eighty percent (80%) of the total actual costs of Construction (which includes the costs of all Construction Contingency Items), but not to exceed \$1,415,000.00 in FFY 2020 STPM-KS funds.
- c. Secretary Not Responsible for Certain Costs. The Secretary shall not be responsible for the total actual costs of Preliminary Engineering, Right of Way, Construction Engineering, and Utility adjustments for the Project.

4. On page 6 of the Original Agreement, Article III, paragraph 9(c), be replaced in its entirety to read as follows:

(c) Relocation Assistance. The City will contact the Secretary if there will be any displaced person on the Project prior to making the offer for the property. The Parties mutually agree the City will undertake the relocation for eligible persons as defined in the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 as amended by the Surface Transportation and Uniform Relocation Assistance Act of 1987, and as provided in 49 C.F.R. Part 24, entitled Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally Assisted Programs, and in general accordance with K.S.A. §§ 58-3501 to 58-3507, inclusive, and Kansas Administrative Regulations 36-16-1, *et seq.* The Secretary will provide information, guidance, and oversight to the City for any relocations required by the Project.

5. On page 7 of the Original Agreement, Article III, paragraph 9(e), be replaced in its entirety to read as follows:

(e) Trails and Sidewalks on KDOT Right of Way. With regard to any bike or pedestrian paths or sidewalks ("Trail/Sidewalk") constructed on state highway right of way, if any, pursuant to the Design Plans, the City agrees as follows:

- (i) City Responsible for Repairs and Providing Alternative Accessible Routes. The City agrees that the primary purpose of KDOT Right of Way is for the construction and maintenance of I-35. If the construction or maintenance of I-35 reasonably requires the Trail/Sidewalk on KDOT Right of Way to be damaged or removed, the City shall be responsible for all repairs to the Trail/Sidewalk made necessary as a result of I-35 construction or maintenance. In the event the Trail/Sidewalk on KDOT Right of Way is temporarily closed or removed for any reason and for any length of time, the City will be wholly responsible for providing an alternative accessible path and for compliance with all laws and regulations relating to accessibility.
- (ii) Interference with KDOT Right of Way. If the Secretary, in the Secretary's sole judgment, determines that continued use of the Trail/Sidewalk is or will interfere with KDOT use of its Right of Way or is otherwise rendered impractical, inconvenient, or unsafe for use by the traveling public, the City

will remove the Trail/Sidewalk and restore the KDOT Right of Way location to its original condition prior to the Construction of the Trail/Sidewalk.

- (iii) Incorporation of Trail/Sidewalk into Local Transportation System. The City agrees to take all steps necessary to designate the Trail/Sidewalk component of the Project as an integral part of its local transportation system, being primarily for transportation purposes and having only incidental recreational use for purposes of 49 U.S.C. § 303 and 23 C.F.R. 771.135.
- (iv) Maintenance. When the Project is completed and final acceptance is issued, the City, at its own cost and expense, will maintain, including snow removal if required by law, the Trail/Sidewalk on KDOT Right of Way and make ample provision each year for such maintenance. If notified by the State Transportation Engineer of any unsatisfactory maintenance condition, the City will begin the necessary repairs within a reasonable period and will prosecute the work continuously until it is satisfactorily completed. Any notification by the State Transportation Engineer, however, is not intended to and shall not be construed to be an undertaking of the City's absolute duty and obligation to maintain the Trail/Sidewalk

6. On pages 9 and 10 of the Original Agreement, Article III, paragraph 14, be replaced in its entirety to read as follows:

14. **Inspections**. The City is responsible to provide Construction Engineering for the Project in accordance with the rules and guidelines developed for the current KDOT approved construction engineering program and in accordance with the current edition of the KDOT Standard Specifications for State Road and Bridge Construction with Special Provisions and any necessary Project Special Provisions. The detailed inspection is to be performed by the City or the Consultant. The Secretary does not undertake for the benefit of the City, the Contractor, the Consultant or any third party the duty to perform the day-to-day detailed inspection of the Project, or to catch the Contractor's errors, omissions, or deviations from the final Design Plans. The City will require at a minimum all personnel performing Construction Engineering to comply with the high visibility requirements of the MUTCD, Chapter 6E.02, High-Visibility Safety Apparel. The agreement for inspection services must contain this requirement as a minimum. The City may require additional clothing requirements for adequate visibility of personnel.

7. On page 10 of the Original Agreement, Article III, paragraph 15(b), be replaced in its entirety to read as follows:

(b) **Permanent Traffic Control**. The location, form and character of informational, regulatory and warning signs, of traffic signals and of curb and pavement or other markings installed or placed by any public authority, or other agency as authorized by K.S.A. 8-2005, must conform to the latest version of the MUTCD as adopted by the Secretary.

8. On page 11 of the Original Agreement, Article III, paragraph 18 be replaced in its entirety to read as follows:

18. **Financial Obligation.** The City will be responsible for zero percent (0%) of the first \$2,510,000.00 in total actual costs of Construction (which includes the costs of all Construction Contingency Items), for the Project. COUNCIL ACTION FORM

CONSENT AGENDA ITEM NO. 8

MEETING DATE: MARCH 1, 2021

STAFF CONTACT: JAMES BELCHER, CHIEF OF POLICE

Agenda Item: Consider authorizing the execution of an agreement with the Kansas Governor's Grant Program for the Services/Training/Officers/Prosecutors Violence Against Women Act (S.T.O.P. VAWA) Grant

Strategic Priority: Improve Quality of Life

Department: Police

Staff Recommendation:

Staff recommends authorizing the execution of an agreement between the City of Gardner and Kansas Governor's Grant Program (KGGP) to continue the implementation of a special investigative position that specifically addresses violent crimes committed against women, including sexual assault and domestic violence.

Background/Description of Item:

The City of Gardner applied for, and received, funding from KGGP in 2020. Last March, the Gardner Police Department initiated the VAWA grant program and dedicated a portion of a detective's time to domestic and sexual violence cases. Studies show that people who become victims of crime are generally at higher risk of being re-victimized. This funding assists law enforcement officers in protecting victims from intimidation and educating them as to how to decrease their likelihood of re-victimization, thereby helping community members feel safer and more secure.

The nature of the crimes being investigated require much more time and resources from law enforcement agencies than other crimes because they work with victims throughout the entire process. This funding allows the detective working these crimes to focus on coordinating victim assistance advocates and other resources, without other cases competing for time and/or effort.

In November 2020, staff applied for continued grant funds from the KGGP for the VAWA initiative. The City received notification in December that the application was approved, but due to a delay from the Department of Justice, the award documents were not received until February 23, 2021. The new grant period is January 1, 2021-December 31, 2021.

The KGGP grant has a minimum 25% matching requirement. KGGP will reimburse the City \$64,336 for personnel and fringe for the detective position.

Financial Impact:

Funds for the projects will come from:

KGGP \$64,336

City of Gardner General Fund \$21,445

Attachments Included:

- Award Letter
- Grant Assurances

Suggested Motion:

Authorize the City Administrator to execute an agreement between KGGP and the City of Gardner for the STOP VAWA Grant and authorize the expenditure of \$21,445 of revenues in the City's general fund for the required matching funds.

Dear Ms. Jordan:

Congratulations on your recent award from the Federal S.T.O.P. Violence Against Women Act (VAWA) grant program. COUNCIL ACTION FORM PLANNING CONSENT AGENDA ITEM NO. 1

MEETING DATE: **MARCH 1, 2021**

STAFF CONTACT: **ROBERT CASE, PLANNER**

Agenda Item: Consider accepting the dedication of right-of-way and easements and approving FP-20-02, a corrective final plat for Prairie Trace Meadows 1st Plat

Strategic Priority: Quality of Life, Economic Development, and Asset and Infrastructure Management

Department: Community Development

Staff Recommendation:

Staff recommends accepting the dedication of right-of-way and easements and approving FP-20-02, a corrective final plat for Prairie Trace Meadows, 1st Plat.

Background/Description of Item:

City Council accepted the dedication of right-of-way and easements at the July 20, 2020 meeting. As part of the plat recording / filing process, it was discovered that a portion of the New Trails Parkway right-of-way at 175th Street was not located within the City of Gardner. After discussions with Johnson County, it was determined that the original approved plat would need to be vacated and a corrective plat would need to be submitted to City Council for acceptance of the corrective plat's right-of-way and easements. It should be noted that the only correction being made is to the New Trails Parkway right-of-way at 175th. All other aspects of the original approved plat remain the same with all Planning Commission conditions from that approval.

Financial Impact:

None.

Attachments included:

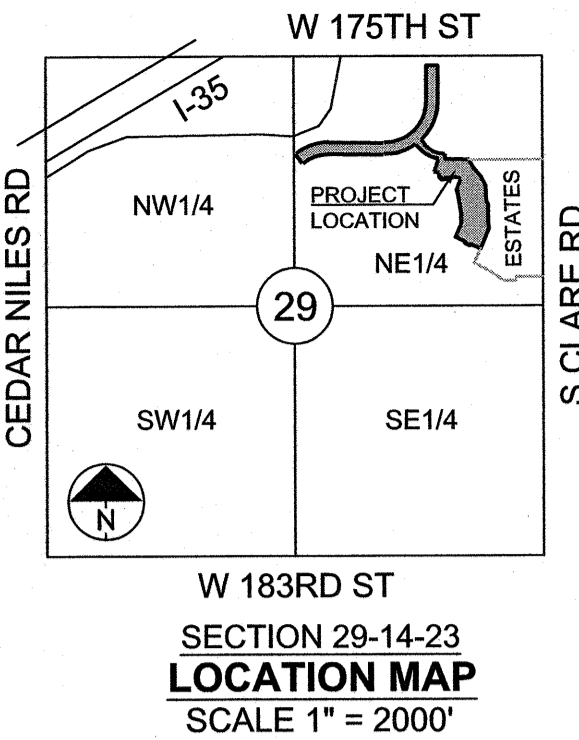

- Final corrective plat document
- Affidavit to vacate the plat

Suggested Motion:

Accept the dedication of right-of-way and easements and approve FP-20-01, a corrective final plat for Prairie Trace Meadows, 1st Plat

NEW BUSINESS ITEM NO. 2

MEETING DATE: MARCH 1, 2021

STAFF CONTACT: MATTHEW WOLFF, FINANCE DIRECTOR

Agenda Item: Consider adopting a resolution authorizing the City to construct certain main trafficways and authorizing the issuance of General Obligation Bonds of the City to pay the costs thereof

Strategic Priority: Promote Economic Development; Infrastructure and Asset Management; Fiscal Stewardship

Department: Finance

Staff Recommendation:

Staff recommends adopting a resolution amending authorizing the City of Gardner, Kansas, to construct certain main trafficways and authorizing the issuance of General Obligation Bonds of the City to pay the costs thereof, all pursuant to K.S.A. 12-685 *et seq.*

Background/Description of Item:

In March of 2019, the City applied to KDOT for CCLIP funding to reconstruct US-56 from Sycamore Street to Moonlight Road and was awarded \$2,000,000. In March of 2020, the City applied to KDOT for additional CCLIP funds to reconstruct US-56 from Moonlight Road to Old 56 Hwy and was awarded \$1,000,000. Subsequently, the two projects were combined into one for design efficiency and cost effectiveness.

The scope of work will include full-depth pavement reconstruction, sidewalk improvements, installation of a traffic signal between QuikTrip and Walgreens, and driveway replacements. Construction is expected to begin in the summer of 2021.

KDOT agrees to be responsible for 75% of construction costs up to a maximum of \$3,000,000. In addition, the City obtained \$735,000 in CARS funding from Johnson County and \$400,000 from Super Market Developers (Price Chopper Project). The City of Gardner anticipates issuing General Obligation bonds to finance its share of the project costs. Annual debt service payments will be paid from the Special Highway Fund. The City is responsible for the estimated costs listed below.

Total Project Cost	\$6,272,060
KDOT	\$3,000,000
CARS	\$735,000
<u>Developer</u>	<u>\$400,000</u>
Estimated City Project Cost	\$2,137,060

Approving the resolution formally identifies the issuance of an amount not to exceed \$2,210,000 in General Obligation Bonds as the financing method and indicates the City's intent to reimburse itself for the improvements ("the Project") from the proceeds of the bonds in compliance with IRS regulations.

Financial Impact:

The City plans to issue G.O. Bonds in the amount of \$2,210,000 to finance its portion of the project. Annual debt service will be paid from the Special Highway Fund.

The City's legislative agenda incorporates the joint City/County platform to assert our common positions to all of our state legislatures. The County is requesting this practice continue.

Suggested Motion:

Approve the 2021 State Legislative Agenda for the City of Gardner.

CITY OF GARDNER'S 2021 LEGISLATIVE AGENDA

State Issues

The following is the City of Gardner's legislative agenda for 2021:

1. **Home Rule and Local Control** – The City of Gardner supports the retention and strengthening of local home rule authority to allow locally elected officials to conduct the business of their jurisdiction in a manner that best reflects the desires of their constituents and results in maximum benefit to that community (*Joint with Johnson County*).

The City of Gardner supports legislation that maintains the ability to retain and enhance home rule authority, including the following positions:

- a. **Property Tax Lid Repeal** – The City of Gardner supports local elected officials having the ability to make taxing and spending decisions and urges the repeal of the property tax lid legislation (*joint with Johnson County*).
- b. **Participation in the Legislative Process** – The City of Gardner supports local officials and their representatives' ability to freely participate in the legislative process through advocacy and education on issues affecting local governments without cumbersome reporting requirements.
- c. **Eminent Domain** - The City of Gardner supports current law regarding the use of eminent domain by local units of government for utilities and public infrastructure improvements (*joint with Johnson County*).
- d. **Automatic Cell Tower Placement** – The City of Gardner supports the repeal of 2016 Legislation granting the automatic placement of cell towers in city and county owned right-of-way to allow regulation of the placement of cell towers by reasonable local zoning processes which review important community values such as safety and neighborhood concerns (*joint with Johnson County*).
- e. **Preservation of Pass-Through Revenue** – The City of Gardner supports the preservation and funding of local government revenues which pass through the State's treasury, including Local Ad Valorem Property Tax Reduction (LAVTRF), City County revenue Sharing (CCRS), alcoholic liquor tax funds, and the local portion of motor fuel tax to local governments (*joint with Johnson County*).
- f. **Unfunded Mandates** – The City of Gardner maintains its opposition to mandated responsibilities from the state without full funding (*joint with Johnson County*). The imposition of State mandates and programs on local governments without accompanying State funding is contrary to the spirit of constitutional home rule. Any function or activity mandated by the State upon local governments, without any alternatives to avoid the additional costs, should be fully and continuously funded by the State.

- g. Local Control of Revenue – The City of Gardner opposes any State regulations that would limit the amount of revenue a local government can raise or spend on a year-to-year basis.

2. **Tax Policy** – The City maintains the following position on taxes:

- a. General Tax Policy – The City of Gardner supports stable revenue sources and urge the Kansas Legislature to avoid applying any further exemptions to the ad valorem property tax base, including exceptions for specific business entities or the state/local sales tax base, as well as industry-specific special tax treatment through exemptions of property classification (*joint with Johnson County*). The local tax burden has shifted too far to residential property taxes dues to state policy changes.
- b. Uniform Property Tax Assessments – The City of Gardner supports state legislation that would standardize the process of assessing property values for taxation purposes.
- c. Local Option Sales Taxes – The City of Gardner maintains that local officials and their residents should determine local sales tax and use rates and opposes any legislation that would preempt local authority to set these rates. Gardner supports existing authority of local governments to impose local sales taxes for special uses.
- d. Sales Tax Exemption – The City of Gardner supports the current law that exempts local government and public construction projects from sales tax (*joint with Johnson County*). State imposed sales tax on government purchases and projects will increase costs and lead to a reduction in services. Purchases have to be made and construction must occur; imposition of a sales tax would increase the local tax burden to cover those added costs. This sales tax revenue does not help local government, but in fact hurts our local economy and our residents who have to pay higher property taxes.
- e. Property Tax Lid – The City of Gardner opposes the property tax lid in its entirety. Should the property tax lid remain in place, we oppose the removal of any of the current property tax lid exemptions as cited in applicable Kansas Statutes. Removal of the exemptions could prevent the City from investing in critical infrastructure and increase the cost of debt. Gardner supports modifying current legislation so that a public vote is based on a protest petition provision.
- f. Delinquent Special Assessments – Gardner supports legislation that would expedite the process of collecting delinquent special assessments.
- g. Collection of Compensating Use Tax on Remote Sales – The City of Gardner supports legislation facilitating the collection of compensating use tax from purchases made from sellers with no physical presence in Kansas based on the U.S. Supreme Court decision in South Dakota v. Wayfair (*joint with Johnson County*). Sales tax collected should be

distributed using existing methods/formulas for the state and local governments.

- h. Sales Tax Reductions on Food and Pharmaceuticals – The City of Gardner supports the state’s thoughtful consideration of reductions in sales tax on food and pharmaceuticals, while balancing the impact on, and obligations of, counties and local units of government across the State (*joint with Johnson County*).
 - i. Property Tax Relief for Low Income Seniors – The City of Gardner supports expanding the eligibility of the current programs Homestead Act and SAFESR – Kansas Property Tax Relief for Low Income Seniors to provide property tax relief for those on fixed incomes (*joint with Johnson County*). In addition, we support any and all efforts by the State Legislature to implement enabling legislation to allow for a more robust Homestead Property Tax Exemption for all Kansas homeowners, not just those on fixed incomes.
3. Transportation Issues – The City of Gardner supports funding of a comprehensive transportation plan including highways, airports, trails, and transit (*joint with Johnson County*)

The City of Gardner supports the following policies:

- a. Support a State Program for Funding Transportation Improvements – Gardner supports addressing emerging needs beyond T-Works and believes the criteria for project selection should consider economic development opportunities. The program is required to fund projects that will support the continued economic growth of the City of Gardner, which will benefit the region, and the entire state. Specific projects identified in need of funding include:

- ***I-35 and Gardner Road Interchange:*** This is currently a relatively small diamond interchange originally constructed in 1959, when Gardner's population was about 1,600. Today the population is 23,000, and the Logistics Park Kansas City (LPKC) industrial development is located just one mile west on 191st Street. In the 3-year period from 2015 to 2017, since the development of the LPKC, accidents have increased 330% in this vicinity.

Currently, the City of Gardner is working with KDOT to design the first phase of the project to relieve the immediate pressure and conflict point: relocating 191st Street and signalizing the ramp terminus. The project is funded with both Federal Funding (STP) and KDOT funds, along with a City of Gardner Contribution of \$2,615,000. The second phase of the project is scheduled for 2024 and includes replacement of the existing bridge over I-35. Funding for this phase will come from both KDOT and the City of Gardner. However, the future DDI designed to meet the traffic requirements of the region remains unfunded. The future DDI is vital to developing economic opportunities near the interchange.

- *Reconfiguration of the I-35 and US-56 interchange to urban diamond:* Capacity improvements are needed at I-35 and US-56 (175th Street, Exit 210) to service expanding business at both the New Century Air Center and the Midwest Commerce Center located just west of the interchange. Industrial, retail and residential development is beginning to occur along the 175th Street corridor between the interchange and US169. Development from New Century Air Center, Midwest Commerce Center and points east will significantly increase traffic along this corridor and will further accelerate the need for capacity improvements at this interchange.
- *Other Projects:*
 - US-56 and Waverly Road intersection.
 - Reconstruction of US-56 thru Gardner.
 - New interchange at I-35 and Moonlight/183rd Street.
 - Capacity improvements on I-35 south of the new Lone Elm interchange to at least the Johnson County line.
- b. *Support Funding for Local Programs and the Special City County Highway Fund-* Gardner supports funding for Local Programs. Administered by KDOT, Local Programs provide assistance to municipalities for improvements of arterial roadways, connecting links, safe routes to school, and Special City County Highway Fund. The City of Gardner maintains approximately 195 lane miles of local roadways. The City's current transportation master plan identifies and recommends \$9 million in improvements over the next 5 years, and over \$130 million in improvements through 2040. Maintaining and improving the City's arterial roads would not be possible without the Special City County Highway Fund.
- c. *Support Funding KDOT Preservation and Preventative Maintenance -* Gardner supports KDOT preservation and preventative maintenance funding. Roadways require regular, timely maintenance including: sweeping, thin-surface treatments, overlays, striping, and signage.
- d. *Support for KDOT Aviation Funding* – Gardner owns and operates The Gardner Municipal Airport, K34, a community airport, included in the FAA's National Plan of Integrated Airport Systems. The airport's role within the Kansas Aviation System Plan is identified as a community airport, intended to serve a supplemental role in the local economy, primarily serving smaller business, recreational and personal flying.

The Gardner Municipal Airport CIP contains \$5.6 million in projects over the next 10 years, much of which is not fundable under existing FAA programs. As such, the City supports both continued and enhanced support for KDOT Aviation Funding.

- e. *New Sources of Revenue to Increase Transportation Funding and the Property Tax Lid -* Gardner supports finding new funding sources, which may be required to support transportation funding including potentially new motor fuel taxes, taxes on electrics/hybrids, new license and/or

registration fees, toll Revenues & user fees, vehicle weight fees, and other revenue sources. Locally, funding for transportation maintenance is hampered by the property tax lid. The restriction limits the ability of local governments to capture valuation growth and cripples the ability of communities to keep pace with the demand for services. Often, this means that road improvements and maintenance are deferred, as they must compete with other needs and services with limited sources of revenue.

4. **Technology Issues** – The City of Gardner believes forward-looking policies concerning technology are vital to future growth and development.

The City of Gardner supports the following policies:

- a. **Data Sharing** – The City of Gardner supports the State investing in their information technology systems to enable effective data sharing between departments and with their community partners, the ability to extract data for decision making, and providing effective and efficient service to those receiving services (*joint with Johnson County*). The City of Gardner further believes in the importance of ensuring the security and privacy of such data transfers.
 - b. **Broadband Development and Access** – The City of Gardner supports policies and funding to provide broadband development and internet access to improve economic development, telemedicine care, remote learning, and government efficiency (*joint with Johnson County*). The City of Gardner encourages the State of Kansas to explore opportunities to fund innovative means of broadband delivery to the general population.
 - c. **Publication of Required Notices** – The City of Gardner supports amending current statutes to allow local governments the option of publishing required notices on their official local government website in lieu of publication in a newspaper (*joint with Johnson County*).
5. **KPERS Funding** –The City of Gardner supports the State fully funding its portion of the employer contributions at the Actuarial Required Contribution (ARC) levels and at the required times (*joint with Johnson County*). We believe Local governments have fully funded their share of the KPERS pool. The system should accumulate sufficient assets during members' working lifetimes to pay all promised benefits when members retire. The actuarial levels of the local government assets need to be protected from the state shortfall.
6. **Development of a Comprehensive Economic Development Plan for the State of Kansas**
The City of Gardner supports statewide economic development (*joint with Johnson County*). We strongly encourage the State of Kansas to develop a comprehensive plan to foster and enhance the State's economy.
7. **Dark Store Theory** – The City of Gardner opposes any legislation based on hypothetical lease valuations or the dark store theory, which suggests that commercial properties should be valued as-if-vacant and available for sale or rent to a future hypothetical user rather than in the current use, which is often a functioning, occupied store (*joint with Johnson County*).

8. **Environmental Plans** – The City of Gardner supports the state’s efforts to develop and implement cost-effective, scientifically based environmental plans and provide local governments flexibility and resources to meet their environmental goals (*joint with Johnson County*).
9. **State Water Plan** – The City of Gardner supports fully funding the State Water Plan (SWPF) (*joint with Johnson County*).
10. **Protections for Individuals Against Discrimination** – The City of Gardner unequivocally believes in the inherent and equal rights and worth of all individuals, regardless of Race, Color, Religion, Gender, Age, National Origin, Veteran Status, Disability, Genetic Information & Testing, Family & Medical Leave, Sexual Orientation and Gender Identity or Expression. We also believe that passing ordinances at the local level which place adjudication and enforcement of these stances in the hands of city government resources that are not equipped to handle them is not prudent, and could expose municipalities such as our own to undue litigation. In light of this, we would instead prefer that any protective acts or adjudications, as with Title VII of the United States Civil Rights Act, be handled at the state and federal levels where there are already adequate resources in place to handle anti-discrimination and harassment cases.
